Test Result

Basic tests (make test) are successfully passed.

Some errors were found for some detailed tests. (Some of tests seem to be misconfigured, though.)

- ▶ balance/balance.var.dynamic: minor numerical error
- ▶ balance/balance.kspace: numerical error
- ▶ balance/balance.clock.dynamic: minor numerical error

Notes

- ▶ Build and tests are performed on ccfep.
- ▶ Cmake is employed for this version. (Former builds use ordinally make.)
- ▶ KIM can be successfully built but its shared library is not installed correctly (when make install). We thus avoid KIM package this time.
