

## (Mar 29 update) Mar 26(Sat) 10:00-13:00: network unavailable

Created day: 2022-02-04 13:26

Network access to RCCS will temporarily be unavailable due to the replacement of upstream network devices on the following periods.

- ▶ Mar 26 (Sat) 10:00-13:00

The last replacement work on March was rescheduled for Mar 26 (Sat). Please beware of this rescheduling.

The RCCS system itself will not be affected by the issue; already submitted jobs won't be affected by this replacement. However, access to this website or frontend nodes (ccfep) will be unavailable. Please avoid performing data backups during or around these periods. Further information, impact time etc., will be updated as it becomes available. We are really sorry for the inconvenience.
