

Member Management

Member management of groups.

Update registered information

In case there is any change on the registered information (e.g. e-mail address), please update it using the form attached in this page.

Add/remove members

Members can be added or removed after the registration. Please note that a person generally cannot belong to multiple of groups. In case a user migrate from group A to group B, the user should be removed from group A first. Otherwise, that user cannot be added to group B.

Sending Address

Describe your request into the word file, and then send it to rccs-admin@jims.ac.jp. (please replace [at] by @)
